Mr. Robert R. Simmons  
 Staff Director  
 Select Committee on Intelligence  
 United States Senate  
 Washington, D.C. 20510

Dear Rob:

To help Dan and the others with their tight deadline on the draft report on political violence in El Salvador, I brushed aside some of my own thoughts on language that might allow for declassification. I want to re-emphasize what John McMahon said in the final sentence of the first page of his letter. We are ready immediately to work out ways in which we might remove the classification objections through substitute language. I think it will serve both our interests to do this.

Sincerely,
